

## Career Services Assignment 2 – Elevator Pitch

**Points possible:** 50

**Instructions:** Follow the steps below to set up create and practice your elevator pitch. An elevator pitch is your answer to the interview question *Tell me about yourself*. Make sure you speak as if you are in an interview. Tailor your pitch to make it relevant to an interview for a software developer position.

1. Write your elevator pitch below. Your pitch should:
  - a. be clear and concise
  - b. be less than 30 seconds
  - c. be a summary of who you are
  - d. contain something personal (i.e. a hobby, passion, etc.)

### **My Elevator Pitch:**

Hello, my name is Kyle Reddeman. I have been interested in computer science ever since I took a robotics class in high school. Since then I have been tinkering with micro controllers such as Arduino's and raspberry pi's, and have also dabbled in game development. For fun I like to do recreational sports such as snowboarding, wake-surfing, and tennis.

2. Practice your elevator pitch out loud. Record your elevator pitch and upload it to the internet. You can use whichever tool you'd like to upload (Facebook, YouTube, DropBox, etc.), just make sure you can give someone a link to view the file. Paste the link to your uploaded recording below.
